

Khaya - "African Home - Restful Place"

Only 90 minutes from the international airport near Windhoek, you'll find a home at Khaya Guesthouse in the garden town of Okahandja. Leave the bustle of the city behind you and overnight with us before leaving for Etosha in the north or the Namib desert coastal towns to the west.

Enjoy your stay in our spacious en-suite thatched-roof African-fusion style rooms, equipped with wireless internet, air-conditioning, satellite television, mini bar and coffee station. Laze at the pool or take a short walk to the famous woodcarvers market; savour Namibian cuisine at its best in the lapa restaurant; taste the sunshine in the local beers and wines in the fully licensed bar; warm yourself at the fire in the boma while marvelling at the stars of the Southern skies.

The beautifully restored Khaya manor house is also home to African Days Tours & Safaris. Book your guided or self-drive tailor made tour or let us revise and plan part or your Namibian adventure while sharing in our passion for our spectacular country.

We look forward to meeting you. Come and say hallo!
